

CHAPTER 1

INTRODUCTION

1.1 Background of the study

Drama is a fictional or non-fictional event through the performance of the written dialogue. According to Longley (2019), the media of drama can be on stage, film, or radio. The genre of the drama that the writer chooses is romance. The romance genre is a story that consists of a love relationship between a man and a woman. A woman is the main point of view in the story. A relationship always has a conflict. But at the end of the story, there is a happy ending (Malatesta Mark, 2018). The writer would talk about a Korean drama with a romance genre as the material. The cast in this drama is a small family consists of a father, mother, and son or daughter. Generally, at least they have a daughter or son, to have children in the family is not easy. As a parent, they should treat well until they have grown up. Parents should pay attention too on their mental trough how they treat their children. Sometimes the child made a mistake, and then the parents tell them that what they do is wrong, but it depends on how they express it to their child. The child becomes scared and sometimes crying when the parents show it too loudly and act like they are right. Besides what they do, it will record as memory. Their personality of them based on what the parent does to them. The better mind and mental of the child are from the effective treatment from the parents.

This study would use Korean drama with the title The World of the Married as of the material. This drama is about the family of a successful doctor in Gosan, Ji SunWoo, and her husband Lee TaeOh as an owner of a small entertainment firm.

At the beginning of the story, this couple seems like a happy couple without problem when Lee TaeOh back from his work trip in China he greets Ji SunWoo very lovely. Ji SunWoo does not find something fishy from his husband, but she found a cherry lip balm on Lee TaeOh's jacket. They have only one son, Lee JoonYoung. A teenager who loves baseball.

The problems appears when Ji Sun Woo found a sheet stuck in her shawl. She seems suspicious, but she continue working. Her curiosity still haunts her. Ji SunWoo keeps her eyes on a woman who has reddish-brown hair. She always thinks about who is the women who have reddish-brown hair. When the day of Lee TaeOh birthday Ji SunWoo got a lot of information from her patient, Hyun Seo. She gives Ji SunWoo directions to find what Lee TaeOh does. In the middle of Tae Oh birthday party, Ji SunWoo found a new smartphone of TaeOh, and her curiosity was right. TaeOh is cheating with Da Kyung during a trip to China.

When this problem comes up, they decide to divorce. Lee JoonYoung becomes a quiet person, also looks not cheerful like before. Lee JoonYoung knows what his father does at the party with Da Kyung. After his father caught that he is cheating, something looks fine. Lee JoonYoung still does what he loves. After his parents divorcing, Lee JoonYoung becomes different such as not attend academics, fight with his classmate, and steal something around him. He has the instability between believing his father or his mom because Lee JoonYoung loves them so much. He cannot choose whether he would stay with his mom or with Lee TaeOh and Da Kyung.

According to American Psychological Association Dictionary Psychoanalysis is an approach to the mind, personality, psychological disorders, and psychological treatment originally by Sigmund Freud. Psychoanalysis there are three parts of the personality of human which are Id, Ego, and Superego. The id is the earliest part that presents at birth and runs on instinct, desire, and need. The ego is the second part of human personality that acknowledging someone and deal them with reality, the third part is the Superego which is someone needs to know in their life where is dos and don'ts in social life (Vinney, 2019). The witer's reason to choose this drama as the material, because the drama relates to psychoanalysis to the character, Lee Joon Young to face up his problems.. Through this paper, the writer would explain Lee JoonYoung's Ego, Super Ego, and Id because his behavior after his parent's divorce become such a quiet person and closed personality which his parents sometimes worry about what Lee JoonYoung do.

1.2 Problems Statement

In this research the problem statements can be found about these problems:

1. How is the personality of the main character, Lee Joon Young, depicted in the movie?
2. How does the main character, Lee Joon Young, deal with his psychological conflicts in the movie?

1.3 Objective of Study

This research aims to investigate the personality of the main character, Lee Joon Young and the ways he deals with his psychological conflicts in the movie.

1.4 Originality and Significance

1.4.1 Originality

This study is originally made by the writer to analyze a teenager personality and conflict in the middle of broken home parents based on a Korean Drama which title "*The World of the Married*". Through this study, the readers would be able to know how to face the problems of broken home parents especially the one who should face this problem is a teenager which is not easy to face it.

1.4.2 Significance

This study expects to show how aspect and defense cope the problem and give information about the character's personality in the drama. Hopefully, The result of this study will be useful for: the readers who want to know about psychoanalysis. As the references, to help English department students to get more knowledge about psychoanalysis. As teaching material for teachers to the variation of the teaching of psychology. As a references for those who want to conduct the theory of psychoanalysis for their study or research.
