Abstract

Indonesia has a culture that is not just customs, regional, clothes, regional dances, regional songs, language and *scripts*, but Indonesian also has cuisine that is as diverse as the existing culture. Culinary or special *food* from an area is also included in a culture that has been inherited by our ancestors *for* the Indonesia people. Culinary from East Java itself is a culinary that needs to be maintained and preserved by the younger generation who will come with the aim that a nation and culture in East Java is not displaced by the culinary arts that have just entered Indonesian culture. This East Java Culinary guidebook is specially designed to *inform* future generation of young people, that East Java Culinary is broad and has the hope of participating in preserving and introduction East Javanese Culinary.

Keywords: Guide Book, Culinary, East Java.
